COSI 2021 COLLECTION

## COSI COLLECTION 2021

---

New season, new designs, new colours and new product types. These are the principles upon which the innovative Cosi collection 2021 is based. Cutting edge design and the application of new techniques combine to create a brand-new fire and heat collection.

All products have been manufactured to help you make the most of your cherished time outdoors. Cooler temperatures often mean that people can't always sit outside whenever they feel like it. With Cosi you can now become less reliant on hot weather and extend the summer season with the warm and homely atmosphere, created by our products.

Whatever your requirements, thanks to our wide range of products, you will always find the Cosi that best suits you. When choosing your favourite Cosi item, function is just as important as style. For further technical information, specifications, including manuals, care and maintenance instructions please head to [www.cosi-fires.com](http://www.cosi-fires.com) and follow us on Facebook and Instagram #cosi\_fires.

COSI COLLECTION OVERVIEW

## COSIDESIGN LINE

# DURABLE CERAMIC WITH SLIM FRAME

The table top has a beautiful marble look and since it is a natural product, each table top is unique. The frame of the Cosidesign Line will fit a gas cylinder with a maximum height of 40 cm.

A ceramic table top with a stainless steel frame makes this fire pit table extremely strong and ensures a long life-span.

## COSIVISTA 120 & 160

# CUTTING EDGE DESIGN

The Cosivista collection is unique when it comes to outdoor gas fireplaces. For instance, these fireplaces feature two glass walls, which means you can gaze at the flames from both sides.

The accompanying back panel can be used to close the Cosivista from one side, thus making it ideal for wall placing.

The Cosivista 120 is able to house gas bottles with a maximum height of 40cm. Its bigger brother, the Cosivista 160, even has space for gas bottles up to 60 cm high. This means you can spend more time enjoying the wonderful heat provided by this gas fireplace.

Including back panel for wall-placing.

NEVER INSIDE AGAIN

SHOP THE LOOK  
COSIPURE

Sit outside, eat outside and relax outside - isn't it great to never have to leave your garden! More so than ever before, the garden has become an extension of people's homes. But you can have even more enjoyment from your garden, balcony or patio by adding some attractive Cosi items.

The Cosi fire pit table can be placed next to your lounge set or outdoor furniture. Invite your friends and family and enjoy sitting around the welcoming fire of, for example, this Cosipure. Want to continue the fun late into the night? Use the Cosipillows to gently heat your back. These outdoor Sunbrella heating scatter cushions feature an infrared heating element on the inside. The cushions will heat the muscles in your back, while you enjoy the atmosphere and heat of the Cosi fire pit table in front of you.

The greater the atmosphere, the better. Cosiscoop gas lanterns can be placed anywhere in your garden or on your balcony. These lanterns create even more atmosphere. We offer a comprehensive range, which means you will always find a lantern that suits your preferences!

## COSIPURE

# STAND OUT IN ANY OUTDOOR SPACE

Black and white in combination with teak; an amazing combination for any garden. Whether you have a natural garden or a perfectly pruned one, the Cosipure in black or white can be combined with all shades of green.

The Cosipure has a robust aluminium frame and a natural teak top. Gas bottles with a height of 40 cm can easily be placed inside the frame. Available in two sizes: 100x100cm and 120x80cm. See the whole series on page 44.

## COSIFLOW - PERFECT MATCH WITH ALL OUTDOOR FURNITURE

The Cosiflow series excels in its simplicity. The Cosiflow is made entirely of aluminium, which means the table needs hardly any maintenance.

In addition, the table has a sleek design, which makes it ideal for any garden set. The Cosiflow will thus always match, whether you opt for teak, fabric or wicker furniture. There is an extra shelf below the Cosiflow table, which can be used for storage purposes. You can add extra accessories to your Cosiflow fire pit with a glass set and/or all-weather protection cover.

## COSIBRIXX

# ALLROUND BASICS

Do you want a Cosi fire pit table but only have limited space to work with? Then the Cosibrixx 60 in anthracite or concrete look is right up your alley. This square model is the most compact model fire pit table in our collection.

Would you prefer a bit more space around the fire? Then opt for the Cosibrixx 90 in anthracite. All Cosibrixx items are made from aluminium to ensure a sleek look.

## COSICUBE

# STAY SNUG WITH COSICUBE

The robust Cosicube is made from Douglas Wood and has a stainless steel top plate, making it perfect for outdoor use. Its invisible side-hatch allows for gas bottles with a maximum height of 40 cm to be placed inside with ease.

The Cosicube is 70x70x58 cm and is available in two different colours. The Cosicube in grey wash is perfect for any natural garden.

**Cosicube 70**

Is black the dominant colour in your garden? Then opt for the Cosicube 70 black to complete the stylish look.

You can also add the Cosi square glass set M to your table. You can then create an extra table surface by placing the Cosi table plate M on top of it!

## COSIBURNERS - MAKE IT YOUR OWN

### COSI BUILD UP

## FREEDOM TO MOVE

Would you like to enjoy the atmosphere of a Cosi fireplace at other places in your garden? Then opt for the Cosiburner build up. This standalone burner can be placed on any garden table.

The Cosiburner build up includes lava stones and glass. This burner can be connected to all gas bottles.

Cosiburner  
build up

Do you already have a nice dining or coffee table and do you want to incorporate a gas fire into it? That's possible with one of our Cosiburners. The Cosiburner collection features two different built-in burners in two colours; black and stainless steel, meaning you will always find a model to suit your table. All built-in burners are delivered with a cover plate allowing the table to still be used normally when the burner is not in use.

The built-in burners are supplied with lava stones; wooden blocks and a glass set are available as options.

## COSISCOOP PILLAR

# CREATE PIONEERING FIRE

These fantastic pillar-shaped gas fires will steal the show in any garden and on any terrace or porch.

The Pillar is available in two variations: stylish black and sturdy teak wood. With a 5 kg gas cylinder this pillar-shaped Scoop will provide you with about 70 hours of atmospheric light.

## HOW TO USE A COSISCOOP

1. Turn the black bottom ring and remove from the Scoop lantern. Then place the 190 grams gas cartridge upright in the bottom ring.

2. Turn the bottom ring, including the gas cartridge, in the Scoop lantern and screw the ring clockwise to the right. Make sure the gas lantern is placed upwards and stands on a stable, non-combustible surface. Ignite with a long lighter whilst keeping it against the burning pipe and turn the control knob to the left. The Scoop gas lantern will start to burn.

3. Switch off the Scoop gas lantern by turning the control knob completely to the right - this should extinguish the flame. Store in a well-ventilated place.

## COSISCOOP ORIGINAL

# TAKE IT ALONG WHEREVER YOU LIKE

Perfect mood makers till late at night! The Cosiscoop Original allows you to enjoy its welcoming flames wherever you are. It is compact (Ø16x30 cm) and features a useful handle, which means you can take it wherever you like.

This Cosi-to-go is multifunctional and available in a lot of different colours. Instantly create atmosphere with these fantastic lanterns.

### COSISCOOP BASKET - LANTERN IN THE SPOTLIGHT

The Scoop Basket is not an accessory but a statement. Striking because of its threaded steel coat, it's a real eyecatcher on your outdoor table. The Cosiscoop Basket creates atmosphere, cosiness and romance.

The Basket high is a stunning stand-alone object. This scoop differs slightly from the Basket. For instance, this lantern features a glass panel and a stand-alone frame, which means it is perfect for placing anywhere in the garden.

## COSISCOOP DOME - URBAN

# UNIQUE ATMOSPHERE ANYWHERE

The Cosiscoop Dome has everything you may expect from a deluxe lantern; a sleek and stylish design in two modern colours, namely black and white.

Are you looking for a sturdy version in a combination of materials? Then the Cosiscoop Urban is really something for you. The use of teak in combination with black or white metal means the Urban is always the perfect choice.

The round openings in the design of the Cosiscoop Drop distribute the light beautifully. Thanks to its slim handle, you can easily carry or place this lantern anywhere.

## COSIPILLOW

# INDOOR & OUTDOOR USE

Cosi's heating scatter cushions are provided with an infrared heating element and they're made of high quality Sunbrella fabric. Due to this material the scatter cushions are UV, colour and mould resistant which makes the Cosipillows suited for indoor as well as outdoor usage.

All Cosipillows are eco-friendly, since the scatter cushions warm up your body directly without losing heat into the (outside) air.

## COSISTOVE - WOOD BURNING FIRES

---

A crackling wood fire on your patio – what could be cosier than that? Create a relaxed atmosphere in your garden with one of our stunning Cosistoves. The flames are produced by real wood, which creates a nostalgic and relaxed atmosphere. You can install a smoke duct, which carefully extracts the smoke. Cosi's collection also features a ready-to-use package with a smoke duct connector. These complete packages are suitable for verandas with flat or sloping roofs.

Cosistoves are complete wood stoves that are suitable for indoor and outdoor use and should ideally be placed under a canopy. The stoves are made from steel and after standing outside for a long time, could show minor signs of corrosion, which adds to the character of the stove.

### FUELS

A conscious decision has been made to only produce Cosi fire pit tables for propane and not for natural gas. Propane is, in fact, one of the cleanest fuels when it comes to CO2 emissions. The bio-propane variety is even 100% sustainable.

### KIWA/GASTEC

All Cosi fire pit tables and lanterns are comprehensively tested, inspected and certified by KIWA and feature the CE label. This means Cosi is synonymous with high-quality and safe products.

## MATERIALS AND CARE

### TEAK

Cosi uses teak that features the SVLK label. Teak will start to lose colour if it is placed outside. If you want to retain the original teak colour, we advise you to treat your teak furniture with a teak protector.

Teak is a natural product and is subject to continuous change; it can thus develop small tears and some planks may deform slightly.

### CERAMIC

Ceramic materials are extremely strong and can remain outdoors the whole year round. Ceramics are natural materials, which means the colours of table tops can vary slightly. Ceramics require hardly no maintenance and can be easily cleaned with hot water and natural stone cleaning products.

### BAMBOO

Bamboo is fully degradable and thus does not pollute the environment. Bamboo is an ecologically responsible product because it is a fast-growing grass and can be harvested more frequently. Special bamboo oils and colour restorers are available for maintaining bamboo.

### STAINLESS STEEL

Stainless steel is highly weather-resistant and is often used by Cosi in assembly materials as well as frames and table tops. Stainless steel can encounter signs of surface rust. However, they can be removed with a stainless steel cleaner.

### ALUMINIUM

Powder-coated aluminium has now become very popular. Coloured power-coating provides an extra protective layer. Aluminium is perfect for outdoor use because it has a long life-span, requires little maintenance and is easy to recycle. Aluminium can also be easily cleaned with hot water and mild cleaning products.

### GLASS

All glass sets for Cosi fire pit tables are made from hardened glass. This means the glass has been heated to ca. 650 degrees Celsius and then cooled again. This cooling process makes the glass up to 5 times harder than regular glass, and less susceptible to tears and breakage.

### TEXTILE

The Cosipillows come with Sunbrella cushion covers. The Sunbrella fabric is colourfast, anti-fungal and water-resistant. These fabrics also feature the OEKO TEX label. All Cosipillow covers can be cleaned in a washing machine. When doing so, please follow the care label on the inside of the cover.

### COVERS

You can protect your Cosi fire pit table or pillar by using a protective cover. The covers are made from a PE fabric. Only cover the Cosi once the fire pit table has cooled off and is dry, in order to avoid moisture-related damage. Also remove stagnant rainwater from the cover and regularly aerate the fire pit table by removing the cover. Teak should

not be covered continuously; that is why Cosi recommends not using a protective cover for teak items.
