LOOK BOOK 2020

COSI 2020 COLLECTION

COSI COLLECTION 2020

New season, new designs, new colours and new product types. Essential elements that combine to define novelties, innovations and product changes. Cutting edge design and the application of new techniques combine to create a brand-new fire and heat collection.

All products have been manufactured to help you make the most of your cherished time outdoors. Cooler temperatures often mean that people can't always sit outside whenever they feel like it. With Cosi you can now become less reliant on hot weather and extend the summer season with the warm and homely atmosphere, created by our products.

Whatever your requirements, Cosi has a fire pit, stove or gas lantern to suit. When choosing your favourite Cosi item, function is just as important as style. For further technical information, specifications, including manuals, care and maintenance instructions please head to www.cosi-fires.com and follow us on Facebook and Instagram [#cosi_fires](#).

BRIXX - STYLISH DESIGN AND MORE

Are you a bon vivant who just loves to sit beside the fire and enjoy delicious snacks and drinks? Then go for the Cosibrixx 90, a fire pit table with plenty of room around the fire for a plethora of refreshments. The overall dimensions of the table surface are 90x90 cm. The Cosibrixx 90 is available in anthracite.

NEW

VISTA - CUTTING EDGE DESIGN

A surprising new addition to the Cosi collection is the Cosivista series. The Cosivista 120 is a unique freestanding see-through gas fireplace. See-through, because it is fitted with two large glass panels.

You can use this 120 cm wide fireplace to divide the space in your garden or under the canopy into separate areas. For example, put it between your lounge set and your outdoor kitchen, creating an attractive garden from all angles. Want to put the Cosivista in front of a wall? No problem: it comes with a convenient additional back panel. You can easily insert this black panel into the topside of the Cosivista. With one simple action, you can create a completely different look for this beautiful gas fireplace. A lovely fire pit table for a cosy evening with family and friends!

Including back panel
for wall-placing

Cosivista 120 - 5980270
Dimension: 120 x 45 x 90 cm

The Cosibrixx 90 is made of aluminium, giving it a sleek appearance and making it virtually maintenance-free. Thanks to

the design of the Cosibrixx 90 you will have plenty of legroom while enjoying the heat and the flickering flames.

Cosibrixx 90 - 5980260
Dimension: 90 x 90 x 61 cm

Including top plate
to cover burner

LOFT - WIDE CHOICE OF STYLE

The Cosiloft 120 lounge table can easily be combined with a wide range of lounge sets.

The table is combined with a straight burner that leaves enough space to invite all your friends and family over for a drink. The table is 80 cm wide and 120 cm long. This fire pit table has an industrial, aluminium, open frame, which can be combined with a choice of 3 table tops; teak, black or grey. For the frame you can choose either white for a modern look or black for an industrial style. Despite its low lounge height, there is still room to place a 5 kg gas tank in the Cosiloft compartment, which sits discreetly within the design of the table. Each Cosiloft fire pit also comes with a plate to cover the burner unit.

LOFT - LOUNGE AND FIRE IN ONE

The Cosiloft 100 lounge table can be customised to your personal style.

This fire pit table has an industrial-style, open frame in aluminium, which can be combined with any choice of 3 table tops; grey, black and teak. For the frame we offer either white for a modern look or black for an industrial style. Despite its low lounge height, there is still room to place a 5kg gas tank in the Cosiloft compartment which is placed discreetly within the design of the table. Each Cosiloft fire pit comes with a cover plate for the burner unit. Therefore if you don't use the burner, you can use the entire lounge table to place food and drinks. Enjoy spending time with your family and friends!

LOFT - RELAX DINING

New in the Loft family is the Cosiloft 120 relax dining. This new fire pit table allows you to enjoy a Cosiloft that perfectly fits your high dining lounge set. With a table height of 67 cm, your legs will fit easily while you enjoy the lovely flames and pleasant heat of the Cosiloft 120 relax dining. The Cosiloft 120 relax dining is a perfect combination of lounge and dining table with a gas fire as its centrepiece.

The Cosiloft 120 relax dining is available in two frame colours, white for a modern look and black for an industrial style. The frame can be combined with one of the three different table tops: teak, black and grey. There is room to place a 5kg gas tank in the Cosiloft 120 relax dining compartment. Each Cosiloft 120 relax dining also comes with a plate to cover the burner unit. Therefore if you don't use the burner, you can use the entire lounge table to place food and drinks. A lovely fire pit table for a cosy evening with family and friends!

LOFT - DIFFERENT MATERIALS HARMONIOUSLY COMBINED

The Cosiloft divider is part of the fantastic Cosiloft family. With this divider you can easily create a beautiful fence on your terrace.

Due to its dimensions, the Cosiloft divider is also perfect to be placed at the end of the table. This sturdy Cosiloft divider is made of robust teak and an aluminium frame with a 5 kg gas cylinder which fits discreetly inside. The Cosiloft divider is available in a black frame with a black burner. Every Cosiloft divider is provided with a cover plate. Even when it's not burning, it's a beautiful accessory in the garden.

Dimension: 88 x 45 x 86 cm

NEW

Thanks to the bar table's high frame, the Cosiloft 100 bar table will fit a gas cylinder of up to 10 kg. So you can bask in the glow of the fire and take your time to appreciate a drink and a snack.

Each Cosiloft 100 bar table also comes with a plate to cover the burner unit. Therefore if you don't use the burner, you can use the entire lounge table to place food and drinks. Enjoy spending time with your family and friends!

LOFT - SIMPLE MODULAR BAR COLLECTION

The Cosiloft 100 bar table is a brand-spanking new addition to the Cosiloft fire pit table collection. It is now possible to enjoy the warmth of the flames a little higher up. The dimensions of the bar table are perfect for those who prefer standing, or you can combine the table with bar stools and enjoy a nice warm glow on your upper body and face.

As with the other fire pit tables from the Cosiloft collection there are several table top frame combinations available. The Cosiloft 100 bar table has two different table top options: natural teak and grey aluminium.

CUBE - STAND OUT IN ANY OUTDOOR SPACE

The robust Cosicube is made from Douglas Wood and has a stainless steel top plate, making it perfect for outdoor use. With the Cosicube in your garden you'll never want to go back inside.

Its invisible side-hatch allows for 5kg gas bottles to be placed inside with ease. This model is available in two different sizes, the Cosicube 70 and a slightly larger version, the Cosicube 95. The Cosicube 95 has more space on the table top, providing room for accessories. Combine with a square glass set for extra sophistication and safety. The black version looks perfect in a more modern garden or terrace.

GLOBE - BEAUTIFULLY ROUND BASES WITH FLAMES

When styling interiors, we tend to combine various tables to create a rounded look. Why not do that outside too, using a fantastic gas fire as the centrepiece? The Cosiglobe is a large coffee table with an

incorporated gas fire. The gas bottle can be placed inside the high side table and is completely out of sight. These tables will look great combined with your existing outdoor furniture.

BURNERS - BE CREATIVE WITH A BUILT IN- OR BUILT UP BURNER

Do you already have a nice dining or coffee table and do you want to incorporate a gas fire into it? That's possible with one of our Cosiburners. The Cosiburner Collection features three different built-in burners in two colours, meaning you will always find a model to suit your table. All built-in burners are delivered with a cover plate allowing the table to still be used

normally when the burner is not in use. A glass set is separately available, which further enhances the luxurious appearance. If you don't want to make a recess in your table, choose a Cusi built-up burner. This model can be placed on top of your outdoor table and a glass set is included.

PILLAR - APPLICATION OF NEW TECHNIQUES TO CREATE PIONEERING FIRE

New in the Cosiscoop collection, the Cosiscoop Pillar. These fantastic pillar-shaped gas fires will steal the show in any garden and on any terrace or porch. The Pillar is available in two variations: stylish black and sturdy teak wood. Cosiscoop Pillars are stand-alone objects that will steal the show in any location.

Contrary to other Cosiscoop models, these large lanterns run on a gas cylinder instead of a gas cartridge. This means that the Pillar lasts many times longer than the smaller Scoops. With a 5 kg gas cylinder this pillar-shaped Scoop will provide you with about 70 hours of atmospheric light. The magnificent Pillars take both Benegas and DIN gas cylinders.

Cosiscoop Pillar black - 5980320

Dimension: Ø 35 cm h: 106 cm

Cosiscoop Pillar teak - 5980340

Dimension: Ø 35 cm h: 106 cm

Cosiscoop Pillar
black and teak

HOW TO USE A COSI GAS LANTERN

1. Turn the black bottom ring and remove from the Scoop lantern. Then place the 190 grams gas cartridge upright in the bottom ring.
2. Turn the bottom ring, including the gas cartridge, in the Scoop lantern and screw the ring clockwise to the right. Make sure the gas lantern is placed upwards and stands on a stable, non-combustible surface. Ignite with a long

lighter whilst keeping it against the burning pipe and turn the control knob to the left. The Scoop gas lantern will start to burn.

3. Switch off the Scoop gas lantern by turning the control knob completely to the right – this should extinguish the flame. Store in a well-ventilated place.

PERFECT MOOD MAKERS
TILL LATE AT NIGHT

ORIGINAL - FREEDOM TO MOVE

The Cosiscoop Original gas lantern is fantastic for the garden, on the road and on holidays too. Carry this multifunctional lantern anywhere you go - it's the perfect mood maker and easy to use.

The Scoop Original is available in four colours; ivory, black, olive and ss. The black version has a big brother – the Cosiscoop XL. Both models work on a 190 grams gas cartridge. Simply twist the gas can under the lantern, turn on the control knob and light your Scoop with a long lighter. The Scoops all burn for around 6 hours.

A new addition to the Cosiscoop Original series is the Cosiscoop Original SS. This unique version of the Cosiscoop Original is made of brushed stainless steel.

UNIQUE ATMOSPHERE ANYWHERE

Cosi had a burning desire to make small gas table fire places. After a long search to develop the right technical system, Cosiscoop Original emerged. We finally managed to make a beautiful flame, which burns on a small gas cartridge. This completely new invention is the latest technical development from Cosi. Once the technology was under control (all models are CE approved) Cosi tried out different materials and designs.

The result is the complete collection of Cosiscoop gas lanterns. All you need is a long lighter, a 190-gram gas cartridge and a Scoop gas lantern.

**Cosiscoop
Dome**

DROP - IT LIKE IT'S HOT

New in the Scoop collection is the Cosiscoop Drop. Whether it is a dark winter/autumn or sultry summer evening: you'll always find a moment to enjoy the wonderful light of this gas lantern. The round cut-outs in the design distribute the light beautifully. Thanks to its slim handle, you can easily carry or place this lantern anywhere. The Cosiscoop Drop is available in two stylish colours: black and light grey.

The Cosiscoop Drop is convenient and easy to use. Place a 190 grams gas cartridge in the bottom of the gas lantern, turn the knob to the left and light the Cosiscoop with a long lighter. On a gas cartridge, the Cosiscoop Drop burns up to 6 hours. Do you want to turn it off in the meantime? No problem, the control knob makes it easy to extinguish and the lantern can be simply ignited again the next time with a long lighter.

All Scoop gas lanterns operate on a universal 190 grams gas cartridge. Note that you always choose a gas cartridge that is equipped with a gas stop valve. If the gas lantern loses contact with the cartridge, the gas stop valve automatically does its job.

BASKET - LANTERN IN THE SPOTLIGHT

The Scoop Basket is not an accessory but a statement. Striking because of its threaded steel coat, it's a real eyecatcher on your outdoor table.

The Cosiscoop Basket creates atmosphere, cosiness and romance. The Basket is available in black, olive and white. The steel frame has a diameter of 26 cm at the widest point (top). A unique piece for your table.

COSIPILLOW - HEATING SCATTER CUSHIONS

When temperatures are dropping, Cosipillows will make your evenings cosy and comfortable. Cosi's heating scatter cushions are provided with an infrared heating element and they're made of high quality Sunbrella fabric.

Due to this material the scatter cushions are UV, colour and mold resistant which makes the Cosipillows suited for indoor as well as outdoor usage. Whether you're inside or outside, you will enjoy the pleasant warmth created by the Cosipillows. The heating scatter cushion makes your spot on the couch or armchair delightfully comfortable. You'll happily settle in with a tasty drink and a good book. All Cosipillows are eco-friendly, since the scatter cushions warm up your body directly without losing heat into the (outside) air. This saves warmth and energy, because the thermostat doesn't have to be cranked up. Cosipillows feature three heat settings: low 38 °C, mid 45 °C and high

55 °C. Each setting can easily be selected using the heat button on the pillow. By pressing the button the infrared heating element is activated so you can enjoy your evening in the comfortable heat provided by the Cosipillows.

COSISTOVE - IN- AND OUTDOOR USE

A crackling wood fire on your patio – what could be cosier than that? Create a relaxed atmosphere in your garden with one of our stunning Cosistoves. The flames are produced by real wood, which creates a nostalgic and relaxed atmosphere.

You can install a smoke duct, which carefully extracts the smoke. Cosi's collection also features a ready-to-use package with a smoke duct connector. These complete packages are suitable for verandas with flat roofs. A package for sloping roofs is also available. Cosistoves are complete wood stoves that are suitable for outdoor use and should ideally be placed under a canopy.

The stoves are made from steel and after standing outside for a long time, could show minor signs of corrosion, which adds to the character of the stove.
